WE ARE EPIC ADVENTURES!

A BREAK FROM THE EVERYDAY
ENJOY...

HIKING!
Where will your hike take you? Sloping mountains and rushing waterfalls; dense rainforest and misty peaks; endless prairie skies and blazing sunsets; the earth’s mantle beneath your feet and adventure on the horizon.

BEACHES!
Singing sand and clay-red beaches; flag-topped castles built and washed away in a day; cool wet sand beneath your feet as you run, surf board under arm, to ride that perfect wave.

CULTURE!
See ancient petroglyphs carved in stone and take a guided walk through 4,000 years of Mi’kmaq history; hear tales of Viking sagas, imagine the clang of the blacksmith’s forge and the crackle of fire.

BIKING!
Pedal past skyscrapers and centuries-old buildings to sunny green spaces along a historic canal route; fat bikes and fresh snowfall are a perfect match, winter won’t stop you powering through fresh powder on two wheels.

WILDLIFE!
Golden fingers of light creep through a tangle of trees as rainbow-hued birds fly in at dawn; see water cascade from a moose’s muzzle as he drinks from a shining pond; watch woolly-coated bison daintily grazing the plains.

WINTER FUN!
Fresh snow sparkles in the sunshine; a million icy diamonds shimmer before you; how will you conquer the cold today? Ski or snowshoe, toboggan or ice skates? With hot chocolate at the end, winter workouts bring their own reward.

EATING!
Tempting scents waft from the cookhouse door, follow your nose for a pasture-to-plate dinner cooked over a wood-fired stove; toast the day with a storied spirit and discover a rum-soaked history and toast the day with a spirit aged in barrels within a Fortress.

PICNICS!
Historic meals happen in historic surroundings, feast with friends and soak up the atmosphere; golden sand between your toes, no lunch ever tasted so good as a picnic packed with happiness, watching waves kiss the shore.

HOT SPRINGS!
Revive trail-tired limbs in mineral-rich hot springs surrounded by leafy forests of aspen and Douglas Fir; lie back in silence and contemplate steam circling towards the sky whilst soaking up a thousands-of-years-old tradition.

SCIENCE!
Feel your universe expand as your knowledge grows; see the forest with fresh eyes when you join fellow citizen scientists in a bug count or BioBlitz; help make a powerful difference to species at risk.

PADDLING!
Hear grey seals bark in the distance and paddle an ancient river route of Indigenous communities and early settlers; make a voyage of adventure, expertly mastering white water rapids along a distant river few will ever see.
