LAND’S END: NATURALLY SPECTACULAR

FROM GASPÉ TO FORILLON NATIONAL PARK

ROUNDTRIP
80 km

LOCATION
Forillon National Park

DAY 1
FORILLON NATIONAL PARK
40 km from Gaspé

Get an up-close look at the incredible sights of the sea, pebbled beaches and cliffs, where seals, seabirds and whales are the main attraction!

Visit Cap-Bon-Ami, it’s simply magnificent! Listen and you’ll hear thousands of seabirds nesting in the cliffs. Watch as they dive into the water for food. Want a panoramic view from above? Climb to the top of the Mont-Saint-Alban lookout tower to admire the sea, the cliffs and the forest as far as the eye can see.

oTENTik, Des-Rosiers campground

DAY 2

Find the park’s best-kept secret on the Les Crêtes trail: a panorama of the vast and beautiful Appalachian wilderness, the gulf and the splendid Gaspé Bay. Take a walk in the forest to discover a magnificent waterfall. Round out the day along the seashore on the new Du Banc trail. Enjoy the view of the majestic cliffs and take a break at the picnic area.

oTENTik, Des-Rosiers campground
DAY 3
Embark on a whale-watching tour. Feel the anticipation as you eagerly await for a whale’s back to breach the surface. Then join the excitement of hearing its powerful blow! Have a picnic at the enchanting Grande-Grave and take a tour of the Les Parages trail. Visit Hyman & Sons General Store and the Dolbel-Roberts House—testaments to the golden era of the codfish industry and the peninsula’s cultural diversity. Take a detour to visit the little yellow house of the Blanchette family, fishermen-farmers of the early 20th century.

DAY 4
Follow the bay, on foot or by bike, along Les Graves trail. Keep an eye on the sea and you might spot whales and seals. At Cap-Gaspé, near the lighthouse, don’t miss the last section of the trail that winds down the cliff and leads to the famous land’s end. Back at the campsite, take some time to watch the seals from the lookout.

DAY 5
Explore the magnificent ocean floor while scuba diving or snorkeling at Petit-Gaspé beach. You’ll be fascinated by the kelp, crabs, sea urchins and starfish. Visit the tidal pools to discover the abundance of life at low tide. Fish from the Grande-Grave wharf and you may catch some mackerel for dinner!

DAY 6
Explore Gaspé Bay by kayak. Watch the seals, enjoy the sunset or sail to the mouth of the bay by the foot of the cliffs. Like to bike? Go for a ride on the many multi-use trails. Keep an eye out—moose, porcupines and black bears also roam the trails! Stop for a bite to eat at one of the picnic areas along Le Portage and La Vallée trails.

DAY 7
Discover a little-known story from the Second World War at the coastal battery of Fort-Peninsula! Explore Penouille, a world apart. Relax on the sandy beach, explore the salt marsh or stroll through the taiga. Enjoy the warmer waters in the bay and take a dip or try some paddle boarding.

CONSERVING FOR THE FUTURE

THE CHALLENGE
How can we prevent collisions between boats and whales?
The St. Lawrence Estuary and the Saguenay–St. Lawrence Marine Park protect 13 species of whales. But it’s also a busy shipping route and major tourist destination.

A STEP IN THE RIGHT DIRECTION
Forming the Working Group on Marine Mammal Protection and Shipping lead to the adoption of voluntary measures such as speed reduction.

THE RESULT?

GET INVOLVED
NOW IT’S YOUR TURN

GRAB YOUR BINOCULARS
Become a citizen-biologist! Watch out for loons and their young on lakes in the park and keep note of your observations. Using your data, scientists can measure the results of efforts made to protect the loons, which have been in place since 1987.
La Mauricie National Park p. 11

RECORD YOUR NATURE OBSERVATIONS
Use the iNaturalist mobile app to record your plant or animal observations—anytime, anywhere. Every observation contributes to our knowledge of biodiversity.

THE BUTTERFLY EFFECT
Be part of a real life butterfly effect and protect the monarchs! Milkweed and nectar-producing plants are grown at Coteau-du-Lac to help these marvelous migrators. Come find out how you can contribute to their comeback!

**DU BANC TRAIL**
The new Du Banc Trail at **Forillon** National Park has everything for those who love short hikes or bike rides. The trail follows the seashore, with magnificent cliffs and land’s end as the backdrop. I love admiring the beach and the Cap-des-Rosiers lighthouse from the observation tower overlooking the salt marsh. I always make sure to have a family picnic at the rest stop!

**GRANDE ÎLE**
I’ll never get over the beauty of Grande Île at **Mingan Archipelago** National Park Reserve! BAND OF BOATS
The three locks in the heart of Old Chambly offer a one-of-a-kind show in Quebec. Whether you’re a boat enthusiast or not, it is always impressive watching the boats go through the Chambly Canal. Seeing the water shoot out of the valves and fill the lock like a fountain is a fascinating sight ... AND it’s free!

Patrice
Internet and New Media Officer

ENCHANTED FOREST
I love Obadjiwan–Fort Témiscamingue National Historic Site. The enchanted forest trail is full of discoveries: the shape of the trees, the cemetery, the viewpoints and the tranquil atmosphere present throughout the trail.

Gloria
Administrative Assistant

LUNCH BY THE LOCKS
Being steps away from Old Montreal has its benefits! On a beautiful summer day, I love walking from the office down to the Old Port Locks for lunch. Whether I packed a lunch or picked something up from one of the many restaurants nearby, a picnic along the Lachine Canal is a summertime must! Nothing beats good food, great views and excellent weather!

Promotion and Events Officer

SCALE MODEL
My favourite place at the Battle of Châteauguay is the belvedere and scale model! With a great view of the battlefield, you can easily imagine being a Canadian militiaman defending the banks of the Châteauguay River. It’s always fun to retell the history of this little-known battle and watch visitors react in surprise!
