General stipulations

1. The licensee will endeavor to provide services to the public in both official languages of Canada and shall endeavor to ensure that signs and notices used for the purpose of informing the public are written in both official languages, and the licensee will upon the request of the Superintendent obtain the approval of the Superintendent prior to their being displayed or distributed.

2. The licensee shall comply with the provisions of the Canada National Parks Act and regulations made thereunder, both as may be amended, revised, consolidated or substituted from time to time, and all other applicable provincial laws including, but not restricted to, environmental protection laws, and all federal laws, regulations, rules, orders, standards and guidelines that relate to the use of the land, including, but without restricting the generality of the foregoing, all those concerned with environmental assessment and protection as they may be amended, revised or substituted from time to time.

3. The licensee shall produce this licence upon request of the Superintendent, any person authorized to act on his behalf, park warden or any police officer.

4. Any and all wildlife problems brought to the attention of the licensee shall be reported to Parks Canada within 24 hours.

5. In accordance with the Canada National Parks Act and regulations, no person shall willfully remove, deface, damage or destroy any prehistoric or historic artifacts or structures in a park.

6. The company named herein will accept full responsibility for any incidents, cost of clean-up or site rehabilitation resulting from activities.

7. This business licence is valid within Jasper National Park of Canada outside of the Municipality of Jasper (MOJ) boundary. A valid business licence with the MOJ must be maintained if your company operates anywhere within the MOJ boundaries.

8. This license will entitle the licensee to engage in the above-enumerated business. The operation of any other business without an appropriate license is strictly prohibited.

9. Parks Canada reserves the right to monitor all activities, advertising and information delivered to ensure the terms and conditions of this license are met.

10. Where the Superintendent acting in a reasonable manner, deems it necessary for the prevention of any seasonal or temporary danger to persons, flora, fauna or natural objects in a park, he may by notice in writing close to public use or traffic any area in the Park for the period he considers the danger will continue. A notice shall be displayed on each approach road, trail, or other way of access to the area in the park closed to public use or traffic. No person shall enter any area in a park during the period that it is closed to public use or traffic except with the permission of the Superintendent.

11. This issuance of this licence does not grant, nor is it evidence in support of, eligible resident status of the grantee(s) herein for any of the national parks listed on the front page of the licence.
