Visitor Guide
Welcome

Extending over 11,000 square kilometres, Jasper is the largest national park in the Canadian Rockies. Connect to this special place by discovering our four spectacular regions. From snowshoeing and cross-country skiing to fat biking and trail walking, the options for winter activities are endless.

We respectfully acknowledge that Jasper National Park is located in Treaty Six and Eight territories as well as the traditional territories of the Beaver, Cree, Ojibway, Shuswap, Stoney and Métis Nations. We mention this to honor and be thankful for these contributions to building our park, province and nation.

Parks Canada wishes you a warm welcome and hopes that you enjoy your visit!

Top Winter Walking Destinations

Enjoy the fresh air and unique winter scenery by exploring the following areas. Be prepared for snowy, icy and slippery conditions. Check the trail conditions.

Around Town: Maligne Valley: Icefields Parkway:

- Trail 15
- Maligne Canyon
- Athabasca Falls
- Pyramid Bench
- Mary Schäffer Loop
- Sunwapta Falls
- Lake Annette
- Moose Lake Loop
- Lac Beauvert
- Wilcox trail (Red Chairs)
- Valley of the Five Lakes

Winter Walking Do’s and Don’ts

- Do not snowshoe or walk on groomed ski tracks.
- Keep dogs on leash at all times.
- Pick up after your dog.
- Read all safety signage before proceeding.
- Wear appropriate footwear and ice cleats for extra grip on winter trails (see p. 19 for rental info).
- Check the trail report: parkscanada.gc.ca/jaspertrails

Events

From January 17 to February 1, 2020, enjoy a variety of festivities during the Jasper in January Festival.

For information about Jasper events, visit: jasper.travel
For information about Parks Canada interpretive programs, visit: parkscanada.gc.ca/jasper-interpretation
Jasper National Park

The best way to experience this incredible landscape is to take a day and explore each of its top 4 winter regions.

AROUND TOWN (pp. 6-7)
Around Town is a winter oasis for cross-country and skate skiing, snowshoeing, fat biking and spectacular skating. Winter trail walks begin right from the edge of town; head up onto Pyramid Bench or explore across the Athabasca river.

MALIGNE VALLEY (pp. 8-9)
One of the most stunning areas in Jasper National Park is the Maligne Valley. The frozen waterfalls and ice formations in Maligne Canyon make it a magical place to explore. Take in the pristine winter views further up the valley at Medicine and Maligne Lakes.

WABASSO ROAD (HWY 93A) (pp. 10-11)
Situated along this peaceful road are several picturesque cross-country skiing destinations for all levels of experience. Looking to snowshoe? Try the 6 km Athabasca River Loop featuring spectacular views of Mount Kerkeslin along the river.

ICEFIELDS PARKWAY AND AREA (pp. 12-13)
Winding 232 glorious kilometres through the heart of Jasper and Banff national Parks, the Icefields Parkway has been called one of the most scenic drives in the world. Glaciers, viewpoints and frozen waterfalls can be explored along this road.
Suggested Trails | Distance | Description | Primary Use |
---|---|---|---|
A | Jasper Discovery Trail | 8.3 km loop | An interpretive loop trail around the perimeter of town. |
B | Lac Beauvert Loop | 3.5 km loop | This flat loop around Lac Beauvert begins at Jasper Park Lodge. |
C | Valley of the Five Lakes | 4.6 km loop | Follow Trail 9a and loop back on 9b. Watch for steep/slippery sections. |
D | Lake Annette | 2.4 km loop | An easy loop offering beautiful winter walking opportunities. |
E | Edge of the Bench | 4.2 km return | This loop offers spectacular valley views. |
F | Overlook Trail | 6 km loop | Steep at first, this trail provides tremendous views of the valley. |
G | Dorothy, Virl and Christine Lakes | 8.6 km return | Steep in places, this forested trail has great lake views. |
H | Red Squirrel to Lake Mildred | 12.7 km loop | Follow Hazel Ave across Hwy 16. Take Red Squirrel then Trail 7 along the river. Loop back on Trail 4b and Red Squirrel. |
I | Woodpecker | 4.4 km loop(s) | Flat packed by Jasper Park Lodge, this gentle loop travels from the lodge to Lake Annette and back. |
J | Pyramid Lake* | 2-4 km loop(s) | Groomed multi-use loop(s) with beautiful views. |
K | Pyramid Trail | 10.8 km return | This mainly flat packed trail steadily climbs to beautiful Pyramid Lake. |
L | Pipeline | 11 km return | Gentle terrain with subtle ups and downs. |
M | Pyramid Fire Road | 16.8 km return | Rolling terrain becomes steep and steady after 3 km, gaining 920 m in elevation. Final 900m is. |
N | Mildred Lake | 2-4 km loop(s) | Groomed multi-use loop(s) with beautiful views. |

* Grooming on the lake is dependent on ice and snow conditions.

Legend

---

**Maligne Canyon Safety**

If you are planning to venture onto the frozen bottom of the canyon, we highly recommend you travel with a certified guide. Guides will outfit you with a helmet and ice cleats. They are familiar with hazards and know the safest route.

**HAZARDS IN THE CANYON:**
- Surfaces are slippery and uneven;
- Thin ice and/or breakable shelf ice may give way unexpectedly;
- Below the ice, the river is cold, deep and fast-moving;
- Frequent rock and ice fall;
- There are limited ways to exit the canyon, making escape difficult;
- Cell phone coverage in the canyon is not reliable.

---

**Thank you for not walking on ski tracks.**

Icefields Parkway linking Jasper and Banff National Parks

The Icefields Parkway is one of the world’s most scenic drives. Just beyond the Columbia Icefield is the Banff National Park boundary. Here are a few highlights:

<table>
<thead>
<tr>
<th>Suggested Trails</th>
<th>Distance</th>
<th>Description</th>
<th>Primary Use</th>
</tr>
</thead>
<tbody>
<tr>
<td>Athabasca Falls</td>
<td>500 m</td>
<td>A stroll to beautiful ice formations. Be safe; stay behind railings and on designated trails. Never travel on river ice.</td>
<td>Moderate</td>
</tr>
<tr>
<td>Upper Sunwapta Falls</td>
<td>100 m</td>
<td>A short walk takes visitors to a footbridge to view this beautiful frozen waterfall.</td>
<td>Moderate</td>
</tr>
<tr>
<td>Lower Sunwapta Falls</td>
<td>2.8 km</td>
<td>Descend along the river to a set of stunning frozen falls.</td>
<td>Difficult</td>
</tr>
<tr>
<td>Big Bend</td>
<td>12.6 km</td>
<td>A forested trail leading to phenomenal views of Dragon Peak and surrounding mountains.</td>
<td>Easy</td>
</tr>
<tr>
<td>Toe of the Glacier</td>
<td>3.6 km</td>
<td>A steady climb along a recently glaciated surface to a unique view of the Toe of the Athabasca Glacier.</td>
<td>Difficult</td>
</tr>
<tr>
<td>Forefield</td>
<td>2.2 km</td>
<td>Flat and rocky trail crossing moraine and glacial debris left behind by the Athabasca Glacier.</td>
<td>Easy</td>
</tr>
<tr>
<td>Wilcox Viewpoint</td>
<td>3.4 km</td>
<td>A short climb with incredible views of the Athabasca and Dome glaciers.</td>
<td>Difficult</td>
</tr>
<tr>
<td>Bow Lake Viewpoint</td>
<td>193 km south of Jasper</td>
<td>One of the most scenic lakes along the Parkway and the source of the Bow River.</td>
<td>Easy</td>
</tr>
<tr>
<td>Weeping Wall</td>
<td>124 km south of Jasper</td>
<td>The Weeping Wall tumbles more than 100 metres (330 feet) in a series of waterfalls whose main fall is called Teardrop. The sight is impressive in the winter and is a popular ice climbing destination.</td>
<td></td>
</tr>
<tr>
<td>Crowfoot Glacier</td>
<td>197 km south of Jasper</td>
<td>Enjoy this rewarding view from the roadside pull-off. When this glacier was named a century ago, it looked like a three-toed crow's foot. Since then, one toe has melted, and the middle toe is slowly disappearing.</td>
<td></td>
</tr>
</tbody>
</table>

*See Icefields Parkway map on p. 14 for locations

Check the trail report for up to date conditions on featured trails: parkscanada.gc.ca/jaspertrails
There is no cell phone service from Athabasca Falls to Lake Louise.

Snow tires are mandatory from November 1 to March 31 on the Parkway.

Winter Wildlife

**Mountain Goat**
Characteristics
Narrow black horns carried by both sexes, beard, long white hair.

Habitat
Steep rocky terrain.

**Bighorn Sheep**
Characteristics
White rump, short light brown fur; males: thick curved horns, females: narrow horns.

Habitat
Near steep rocky terrain.

**Coyote**
Characteristics
Brown body, darker neck and large tan rump patch, backwards slanting antlers.

Habitat
Valley bottoms.

**Elk**
Characteristics
Built like a large domestic cat. Short tail, long legs, large feet and prominent ear tufts.

Habitat
Higher elevations.

**Lynx**
Characteristics
Resembles a medium-sized dog, thick, bushy tail, greyish-brown in colour, long and narrow muzzle.

Habitat
Valley bottoms.

**Wolf**
Characteristics
Resembles a large domestic cat. Short tail, long legs, large feet and prominent ear tufts.

Habitat
Valley bottoms.

**Winter Driving and Wildlife Safety**

**Driving on the Icefields Parkway**
- Road reports are based on the worst condition that a driver may encounter over the road’s entire 232-kilometre length. As in any mountain environment, weather can change very quickly, often changing the road conditions.
- Ensure your car has snow tires — look for the snowflake symbol. Snow tires are mandatory from November 1 to March 31 on the Parkway.
- Plan to start early and complete your drive (with time for exploration and stops along the way) during daylight hours.
- Fill your gas tank and bring extra windshield washer fluid. There are no services along the Icefields Parkway in winter.
- There is no cell phone reception from Athabasca Falls to Lake Louise.
- The Parkway is not salted so it is often covered in ice and snow.
- The Parkway occasionally closes in winter and spring due to increased avalanche danger or to clean up snow and debris on the highway.
- Check road conditions: 511.alberta.ca

**Human Food and Garbage Kills Wildlife.**
- Do not approach wildlife.
- Do not feed wildlife.
- Do not litter.

**Give Wildlife Space.**
- Stay in your vehicle.
- Slow down. Obey speed limits.
- Pull over where it is safe to do so. Do not stop in driving lanes.
- Move on if a traffic jam develops.

**Seasonal Closure for Caribou Conservation**
Jasper National Park is home to four distinct herds of woodland caribou. Parks Canada is taking action to protect this species at risk by closing backcountry areas to help reduce wolves access to caribou habitat via human packed trails.

As of November 1, backcountry areas of the Tonquin, Maligne-Brazeau, and North Boundary ranges of Jasper National Park are closed to protect important caribou habitat. For more information regarding seasonal closures, visit: parkscanada.gc.ca/caribou-winter-access

**Reduced speed limit on the Icefields Parkway**
From south of Sunwapta Falls through to Beauty Creek Hostel, a reduced speed zone of 70 km/h is in effect from February 1 – June 1. Drive with care; this is a time when caribou may be seen crossing the road.
Safety is your responsibility

You are in Avalanche Country
Whenever there is snow on a slope, there is potential for an avalanche. Skiers, snowshoers, fat bikers and hikers must be familiar with avalanche terrain and avalanche conditions to safely enjoy the mountains. For more information, visit: parksmountainsafety.ca

Winter Driving
Check the road conditions multiple times a day for most up to date information. Dial 511 • 511.alberta.ca • drivebc.ca

Weather Forecast: weather.gc.ca
Jasper 780-852-3185 • Banff 403-762-2088

Ice Safety
Waterfalls, Canyon, Rivers (moving water): Travelling on ice covered moving water is unsafe. Doing so without a certified guide is not recommended. Respect all safety signage and fenced areas.

Ponds, Lakes
The Red Cross recommends an ice thickness of at least 15 centimetres for safe skating. Parks Canada does not monitor ice thickness. It is up to you to assess the thickness of the ice. This does not apply to moving waters.

Hazardous Trees
Heads-up, trees may fall on trails at any time, especially when it is windy.

Do’s and Don’ts on Groomed Ski Trails
• Do not snowshoe or walk on groomed ski tracks.
• Skiers going downhill have the right-of-way.
• Keep to the right when meeting oncoming skiers.
• When resting, move off the trail.
• When passing say “track please” and pass on the left side.

Featured Regulations
Keep dogs on leash at all times (and pick up after them).
Jasper is a no drone zone. Report all drone use sightings to Jasper Dispatch 780-852-6155.
