Does your group have the skills, knowledge and training to travel in avalanche terrain?

Are you carrying transceivers, shovels and probes?

Can you self-rescue?
Do you have a plan?

Do you know the emergency number?

Have you checked the current avalanche bulletin and weather forecast?

Have you checked out with someone?

Do you have any other route options?

Avalanche Bulletins available at the Rogers Pass Discovery Centre
EMERGENCY: 1 877 852 3100

The Mousetrap is a terrain trap

Before crossing, consider:
- Avalanche danger rating
- Your group size and spacing
- Safe locations to regroup

Urgences: 1 877 852 3100
